Live life with gusto

The spring is here. It is the season of flowers and new life all around. Though there is a little tension in the air, we don't need to panic too much as panic aggravates the situation. The students have to pat their shoulders and appreciate themselves for successfully completing their one year online classes. This has proven that with perseverance, positivity, patience, persistence and passion everything is possible. Dear children keep the following in mind to welcome a beautiful spring into your life.

- Keep counting your blessings
- Utilise the opportunities in a systematic manner
- Read good books
- Know more about the country
- Understand the society around
- Understand your strengths, weaknesses, opportunities and talents you have
- Make a good use of the opportunities that come your way.

For a motivated person sky is the only limit. Spread your wings and soar high with never ending energy

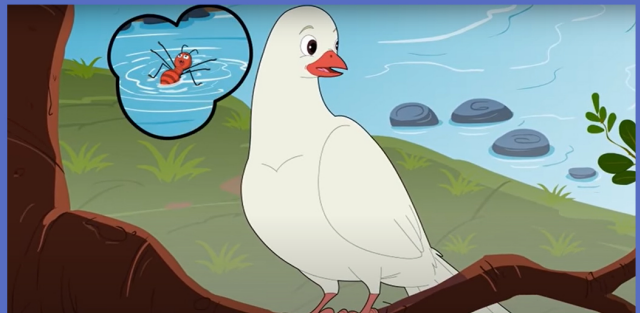

Story of the month

The Ant and The Dove

On a hot day of summer, an ant was searching for some water. After walking around for some time, she came near the river. To drink the water, she climbed up on a small rock. While trying to drink a water, she slipped and fell into the river.

There was a dove sitting on a branch of a tree who saw an ant falling into the river. The dove quickly plucked a leaf and dropped it into the river near the struggling ant. The ant moved towards the leaf and climbed up onto it. Soon, the leaf drifted to dry ground, and the ant jumped out. She looked up to the tree and thanked the dove.

Later, the same day, a bird catcher nearby was about to throw his net over the dove hoping to trap it. An ant saw him and guessed what he was about to do. The dove was resting and he had no idea about the bird catcher. An ant quickly bit him on the foot. Feeling the pain, the bird catcher dropped his net and let out a light scream. The dove noticed it and quickly flew away.

WHEN THE GOING GETS TOUGH, THE TOUGHER GET GOING.

We at Pallavi Model School, Boduppall waded through these tough times successfully and proved our mettle.

ONLINE CLASSES

A win-win situation for students and teachers

As Shakespeare says 'sweet are the uses of adversity,' these unprecedented times have brought the best out of many people. This is a kind of a blessing in disguise. Schools especially have emerged successful in facing the challenges undauntedly. This is a feather in the cap for the teachers who have been instrumental in moulding the personalities of the children. The teachers have risen quickly to the occasion and adapted themselves according to the changing times. They almost became like frontline workers in the arena of teaching.

Online classes, assessments, open houses, events, webinars, training programmes ... you name it they have done it all. Kudos to the teachers and students who have been relentlessly striving to tie the threads of many loose ends. The adverse situations have not deterred them from trying their best to become tech-savvy and innovative. The students at times may not have opened

their videos or might have given a tough time to the teachers but the teachers maintained their cheerful demeanour. It is definitely a win-win situation for both the students and teachers as the students got a little extra time on their hands to become more responsible and self-dependent and teachers have got an opportunity to probe into the realms of their creativity to make the virtual teaching-learning process interesting. The testing times have taught us to look at life from a different angle.

The children have partici-

pated in intra and inter-school competitions. Though the students have missed their friends and their PT periods, they have learnt to get adjusted to the new normal. Great job children!!!!

Philately club

In order to bring about an awareness and revive the tradition of collecting stamps and understand the history behind, the postal department has conducted a seminar. The session was very informative and interesting. The children had a great time listening to the great philatolists.

A proud moment

This year it happened in a reverse manner, the student council members had fulfilled their responsibilities during the online classes meticulously and received badges yesterday with great pride and elation.

The responsibility was bestowed upon them by their parents during the virtual investiture ceremony. Congratulations children.

Teachers you rock!!!!

Success speaks through work. The way the teachers have stood the test of time shows their commitment and positivity. The year might have passed but it turned the teachers, students and parents into very positive beings.

PARENTS TESTIMONIALS

The year 2020 was a bitterly sweet year. PMS were the early birds to start the online classes. Along with classes, discipline factors were of prime goal. I appreciate that totally. Logging in time, with videos on, with uniform, attendance & yoga was the major part. Inter-school completion, science expo, annual day, exams, class group photo, and other activities nothing stopped. All were conducted at the best. I wish to extend my heartfelt gratitude to Ms. Mahashwetha mam. The best teacher my son could have. Apart from studies she embeds a lot of additional knowledge and ignited the thirst for learning more. Following her pursuit, my son had laid his foundation to be a Historian. Thank you mam for all your doing! I could still recall your words though you were tensed saying - NO DEAR. A calm and caring teacher but roars when the need arises. Ayesha mam, a wonderful math teacher, never refrained from clearing doubts no matter how many times asked in a different and easy way to suit the need. Also Science mam, English mam, Hindi mam, and Telugu mam. Thank you all. From the premises of the school, you entered our homes through online classes and live in our hearts to nurture our kids in this pandemic time. A tough phase but a tale to share and cherish. Thank you all.

The poem

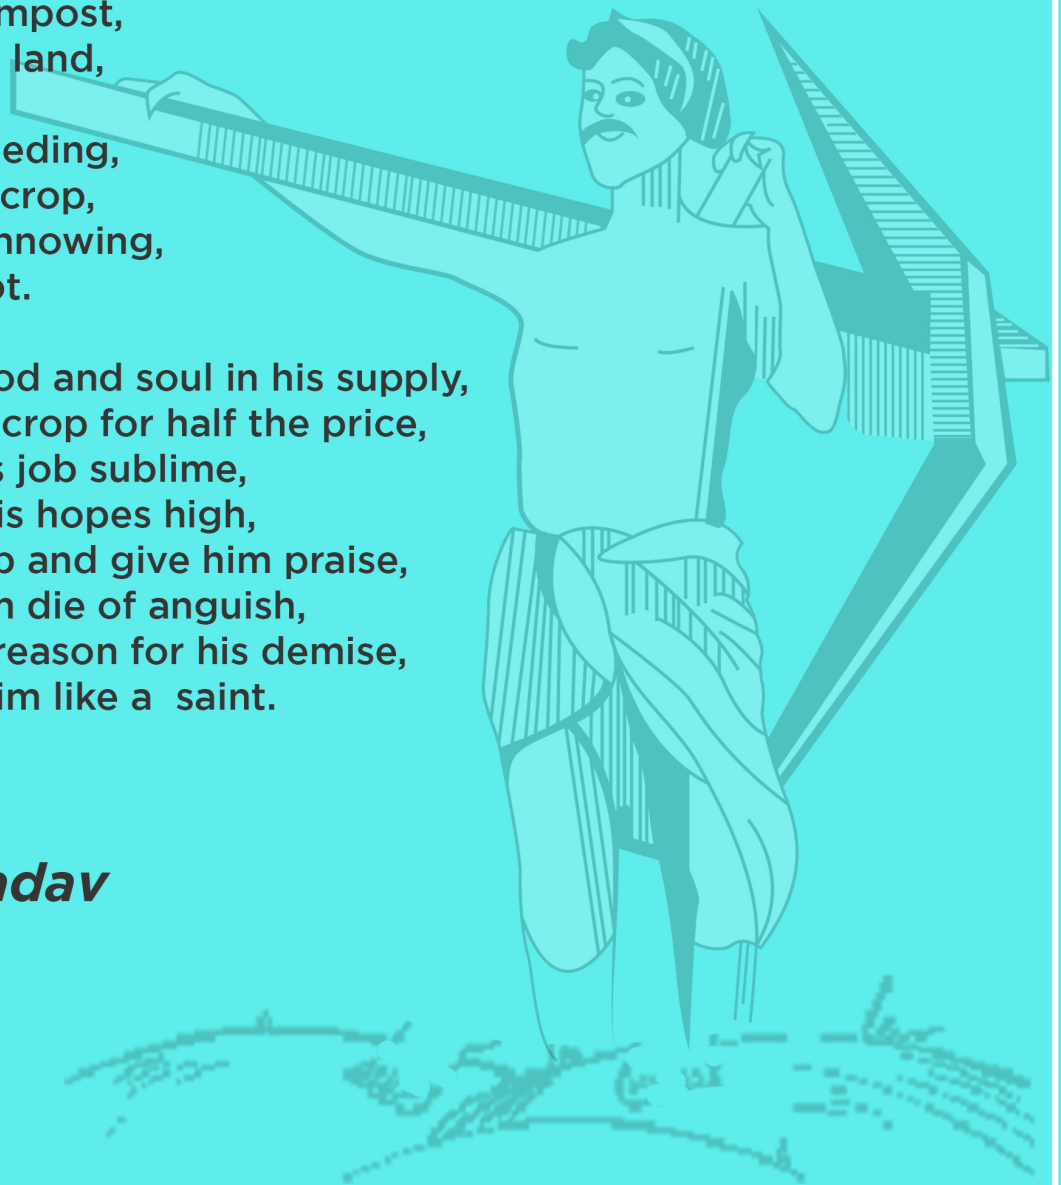

The Tiller

He ploughs the land,
He sows the seeds,
He adds the compost,
He irrigates the land,

He does the weeding,
He gathers the crop,
He does the winnowing,
He stores the lot.

He puts his blood and soul in his supply,
But he sells his crop for half the price,
He still does his job sublime,
Still he keeps his hopes high,
So let's wake up and give him praise,
Let's not let him die of anguish,
We will be the reason for his demise,
Let's worship him like a saint.

POETRY CORNER

Faith, a virtue

It is said that "faith can move mountains,
I don't know if this is true,
But yet this is so intriguing,
To have such faith you know.

If you ask me what is faith?
I would say; faith is the highest virtue,
Faith is your strength,
Faith is the essence of goodness,
Faith is the strongest trust you can have.

Faith I believe, is not the "blind faith" in
god,
Faith is following in his principles,
Faith is belief in his creation,
Faith is believing in humanity.

They say faith in humanity is rare to find,
Why not, make yourself trustworthy,
Why not make yourself reliable,
Why not be the change you want in the
world,
Do this and then see,
the magic of faith happens.
